DUN & BRADSTREET REFERENCE BOOK OF AMERICAN BUSINESS (CREDIT AT A GLANCE)

The Dun & Bradstreet rating is a powerful indicator of a firm's size and composite credit appraisal that can help you assess credit risk. It's a reliable and easy-to-interpret business tool that measures overall credit worthiness on a scale of 1 to 4, based on key credit information in Dun & Bradstreet's file such as payment activity, financial condition, years in business and public filings. The size of a company can also give you valuable insight on its credit capacity.

You can turn to the Dun & Bradstreet ratings in the Reference Book of American Business to help with more of your business decisions. The extensive range of financial and other business information contained in our books is what makes the D&B rating such a powerful risk-management tool.

GAP BOOKS

Directories are essential sources of company information for a wide range of businesses & industries.

D&B Business Directories

- **Key British Enterprises 2022**

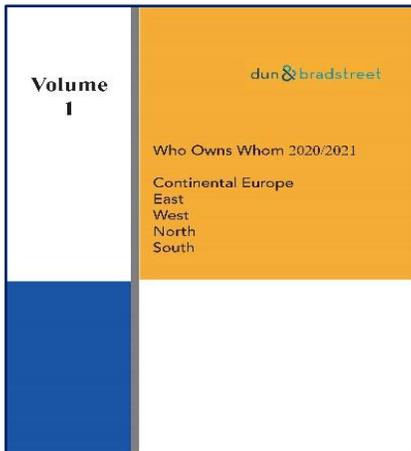

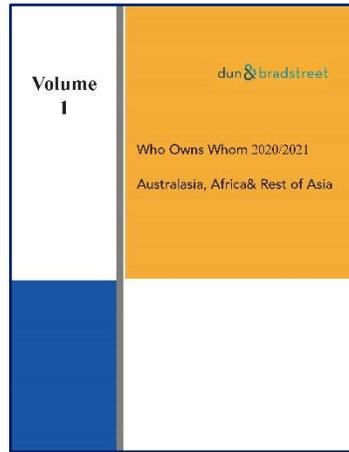

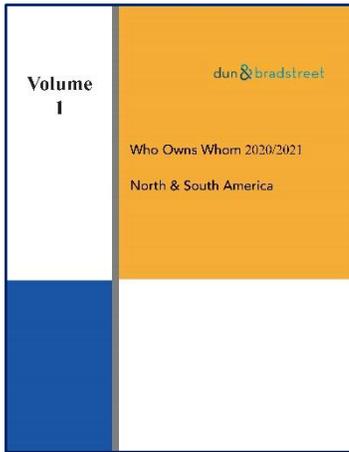

This database provides you with the facts about the corporate background, activities, decision makers, finances, operations and markets of Britain's leading businesses. Conduct sophisticated searches by one or a combination of data fields to compile the exact information you need to plan marketing strategies, identify key sales prospects, conduct analysis by region or industry, and locate potential suppliers or size up the competition.

- **Who Owns Whom 2021/2022**

Issued in three volumes. Corporate family trees of all parent companies registered in Continental Europe are provided in the first two volumes. Beginning in the second volume and continuing through the third is an alphabetical index of all subsidiaries located within their designated publications linked to their ultimate parent.

GAP Books in partnership with Dun & Bradstreet publish the D&B Business Directories. The directories provide comprehensive and accurate information on millions of businesses worldwide.
